

## THE ANXIOUS SEAT

This is What the Saloon Keepers of Paducah are Now Resting on.

They Have No License and the Aldermen are Deadlocked for Indefinite Period.

ALL SALOONS OPEN AS USUAL

The city officials have a hard nut to crack, and it may be that the saloon keepers of the city, about 75 in number, will find themselves up against it, as the saying is.

The facts, briefly stated, are that not a saloon in the city has a license to do business. The reason of this is the deadlock in the board of aldermen. The licenses expired the first of the year, and the saloon men, as has been their custom for years, paid their money into the city treasury and went on selling as if they had a new license.

Always when the council met for the first time in the year, the new licenses were granted. This year the council renewed the licenses Monday night, its first regular meeting, and everything looked lovely.

When the board of aldermen met Thursday, however, it deadlocked on the inability to transact any official business, obviated the possibility of renewing the licenses and as both boards have to grant the renewals before the clerk can issue the new licenses, no new licenses have been issued by Clerk Patterson, and the saloons are all open without a license to do business.

There is no intention to violate the law, and the same thing has been done often but this time it has attracted a great deal of notice because it is uncertain when the board of aldermen will break the deadlock and renew the licenses.

The matter is one that has aroused a great deal of interest during the day, and has been freely discussed. Some of the councilmen say it is the first time such a state of affairs existed in the city, and they do not know what the outcome of it will be. In reality the saloons have had no license since December 31, but they ran on as usual in good faith.

Needless to say, however, they are somewhat worried over the situation, and some are afraid to either keep open or close up, but thus far they are all running as usual.

## ARCHITECT IS HERE

Mr. M. S. Cooley Arrives to Change Plans for Government Building.

He Will Remain Several Days and Work will Begin in Less Than Three Months.

CHANGES NOT DECIDED ON

Mr. Maxwell S. Cooley, of Washington, who is in the supervising architect's office in the national capital, arrived today to begin work on the plans for the \$100,000 addition to the government building here, and will be at the Palmer house for about a week.

Mr. Cooley has with him the plans, but will make all the changes that he deems necessary after consulting postoffice officials. Today he has been going over the building and making a few changes pursuant to suggestions from the government officials here.

One new feature of the enlarged building will be a large "swing room" in the basement for the mail carriers. It is a sort of "loafing place" in which they may spend their time when not actively at work, and in most places is converted into a gymnasium.

All the closets in the building will be changed, but a large sky light will light up the mailing room, and the elevator will probably remain where it is. The addition will make the building just twice as large as the present structure and a number of improvements will be made in the arrangement of the various rooms and departments, but Mr. Cooley is unable at present to determine what they will be. He will not know until he finishes his work what the plans will be.

After the new plans are completed bids will be advertised for, and the probability is that by April 1 work will begin. It usually takes two and a half months to arrange everything for the opening of a building.

Work has just begun on one building that Mr. Cooley inspected October 17 as he did the one here, hence it is seen that some little time is required to prepare for active work.

## CAUGHT IN MEMPHIS

The Jos L. Friedman Burglar Was Arrested.

He Had on Mr. Friedman's Clothes and Mr. Friedman's Knife.

Chief of Police James Collins this morning received from Chief Mason, of Memphis, a letter stating that they had under arrest there a negro who gave the name of Walter Smith, and who wore a suit of clothing made by H.G. Harmeling, of Paducah, for Joseph L. Friedman, also a pearl-handled knife with Mr. Friedman's name on it.

He also had in his possession a watch with the name of Louis G. Richter in it. The police here at once learned that the man who burglarized Mr. Joe Friedman's residence a short time ago was under arrest and wired there to hold him. He will be brought back at once. It is possible that he also committed other burglaries.

## A RAILROAD RUMOR.

ILLINOIS CENTRAL MAY HAVE A FAST TRAIN TO ST. LOUIS.

It is now understood in railroad circles that the Illinois Central is to have a fast train from Louisville to St. Louis when the extension from Paducah to Cairo is completed. The trains will then be run straight through from Louisville via Paducah to Cairo, thence to St. Louis, crossing the bridge at Cairo and saving a great deal of time. Traveling men claim it will be a great convenience.

## VOTES IN SUN'S CONTEST CONTINUE TO ROLL IN AT A VERY LIVELY RATE

## THE FIRST ANNOUNCEMENT OF VOTE IS AWAITED WITH GREAT INTEREST

STANDING OF CANDIDATES WILL BE MADE KNOWN MONDAY

The votes in The Sun's contest are coming in rapidly and the contest is growing in interest with each day.

The first announcement of the votes will be published in Monday's issue, and then the contest can be said to be fairly "on," in race horse parlance.

Votes are coming in through the mails, over the phone, through our solicitors and in all sorts of ways, and the interest manifested is very great already.

The prizes are the best ever offered by a Paducah paper, and are worth anyone's attention and time to win. Remember that beginning Monday the coupons will be dated and must be voted in the week they are dated.

To the leader in each contest at the end of each week \$1 in cash will be given, so you see there's a chance for everyone to get some of the prize money. The winner this week may not be the winner next week, and so

on. This adds interest to the contest and gives candidates an opportunity to tell exactly how they stand, as there will be no holding back of the votes.

The prizes are as follows:

In the most popular lodge or union contests:

First prize—\$100 in gold.

Second prize—\$50 in gold.

Third prize—\$20.

Fourth prize—\$7.50.

Fifth prize—\$2.50.

Next four—\$1 each.

In the most popular lady contest the prizes are:

First prize—Transportation to Colorado and return at any time during this year.

Second prize—Transportation to either Chicago or New Orleans and return at any time in this year.

To the leader in each contest at the end of each week will be given one dollar in cash.

## BOY BADLY STABBED

Shep Green a Victim of Willis Roberts' Knife Yesterday.

His Wound is Dangerous—Roberts Now in Jail for Melloious Cutting.

BOTH ARE YOUNG BOYS

Willis Roberts, a fourteen-year-old boy who has given the police a great deal of trouble of late, is in jail charged with maliciously cutting Shep Green, Jr., the fourteen-year-old son of Captain Shep Green, of North Sixth street. The trouble occurred on the levee late yesterday afternoon and as a result the victim is in a bad fix, and may die, although today he is resting easy.

From what could be learned of the trouble Masters George Rock, Robert Storie and young Green were paddling around in the river near the ferry boat in a skiff and the Roberts boy wanted them to let him row across the river, and they declined.

He stood around a while and finally threw a rock in their direction, and they thought he was throwing at them. Landing the boat, young Green started up towards Roberts, and the other boys say they saw Roberts open his knife and place it in his pocket.

When Green reached him, they passed several words, which the other boys could not hear, and finally Green pushed Roberts and they clinched. They then saw Roberts stab Green in the left side. There was another boy with Roberts who is alleged to have also taken out and opened his knife, but he escaped.

Young Green walked to Robertson and Hoyer's office, three blocks, his clothing saturated with blood, and his wound was temporarily dressed, and he was taken home in Dr. Robertson's buggy.

Roberts was arrested on Second street shortly after the cutting, and denied stabbing the Green boy with a knife, saying that it was a nail, but the character of the wound indicates that this is not true. Roberts is a son of Frank Roberts, a buggy maker, of Thirteenth and Burnett streets, and is a very bad boy. The case against him was called in police court today and continued until Monday. His bond was fixed at \$300, which he failed to give.

## FRIGHTENED AWAY

Burglars Visited Kuttawa and Eddyville Last Night.

They Did Not Succeed in Getting Anything But Some Clothing.

NO CLUE TO THEM

Kuttawa, Lyon county, 34 miles above Paducah on the Illinois Central, came near having a bank robbery last night.

Thieves entered the Citizens' bank at that place by breaking out the rear window, but were evidently frightened away, as they only struck a lot of matches, the ends of which were found today, and then left.

At Eddyville, they visited the depot, which is a mile from town, and after breaking into the building found nothing that suited their fancy except two coats, a black frock and gray sack.

This morning when the robbers were discovered the police up and down the line were notified, but there is no clue. The thieves were probably tramps or "yeggmen."

Route Agent U. J. Abbott, of the American Express company was notified of the Eddyville burglary and left at noon to investigate. He was not notified whether or not any money was taken, but reports to this paper stated that there was not.

## UNDER ADVISEMENT

Judge Husbands Did Not Decide the Saloon Ordinance Today.

Sustains the County Court in the Ayer-Lord Cases This Morning.

OTHER CIRCUIT COURT NOTES

Circuit court adjourned at noon today and Judge L.D. Husbands did not decide the saloon question ordinance argued before him yesterday. It is supposed that he will render his opinion next week early. A great deal of interest is manifested in the case and the decision will be awaited with interest.

This morning Judge Husbands overruled the demurrer of the plaintiff to the answer in the case against the Ayer and Lord Tie company, of Chicago, in suits for back taxes. It will be remembered that Auditor's Agent Lucas attempted to collect on the company's towboats running here, which are assessed in Illinois. Judge Lightfoot sustained the company's claim that the boats could not be assessed in both places, and Mr. Lucas took the case to the circuit court. Judge Husbands this morning sustained the county court, and Mr. Lucas asked and was granted an appeal to the court of appeals.

An answer was today filed in the case of K. G. Caldwell against Gilbert and Avery, and it is set for the 22d day.

An amended petition was filed in the case of Martin Hebeck against T. A. Kerns and Co.

A reply was filed in the suit of Lee Walters against the bondsmen of the late Sheriff Tobe Rogers for alleged false arrest.

An order of sale of a pea huller in the case of S. G. Given against the Westinghouse company was filed.

Shortly before noon court adjourned until Monday morning.

## MORE CHICKENS GONE

Mr. Hal Walters' Residence Visited Last Night.

Only One Old Rooster Was Left in the Hen House by the Thief.

Chicken thieves are still active in Paducah, and last night the home of Mr. Hal Walters on Jefferson street at Fourteenth, was visited and thirteen hens were taken. There were fourteen chickens in the coop, and only one, the rooster, was left. Evidently the thief is not superstitious, or he would have taken them all instead of the unlucky thirteen.

This is only one of the many raids on chicken houses within the past few weeks. Many of the robberies were reported to the police, while others were not. The police have not yet succeeded in finding any clue to the thieves.

The chickens were all killed and their heads left in the yard. Mr. Walters is the well known bookkeeper at Friedman and Keller's, and would like to have the thief come after the rooster.

RHODES-BURFORD OPENS A NEW STORE IN EAST ST. LOUIS.

Mr. H.C. Rhodes has returned from East St. Louis, where his company, the Rhodes-Burford, has bought out Mueller Brothers and the Rhodes Furniture in East St. Louis, and consolidated them. They have leased a large building, incorporated the concern for \$15,000, and will improve and enlarge it in every way. This makes thirty-three stores the Rhodes-Burford company has, not including the branch houses, the last one making 50 in all, including branch houses. All are up-to-date, first class furniture houses, and are doing an immense business all over the country.

### THE GIRL WHO LAUGHS.

The girl who laughs—God bless her!—  
Thrice blesses herself the while;  
No music of earth  
Has nobler worth  
Than that which voices a smile.  
The girl who laughs—life needs her;  
There is never an hour so sad  
But wakes and thrills

### THE FORTY-EIGHTH ANNIVERSARY.

Capt. and Mrs. Joseph H. Fowler will tomorrow celebrate the forty-eighth anniversary of their wedding. There is no more popular and well-beloved couple in Paducah than the interesting Captain and his sweet and gracious wife, and they will receive the sincere congratulations and heartiest wishes of a circle of friends, whose name is legion, when this important event is known.

Captain and Mrs. Fowler have been identified with Paducah's social life, pleasures and interests for the best of her years and have seen the city grow from the river's edge to its present magnificent distance. Yet so much are they sought and enjoyed by the young people of their acquaintance that it is difficult to realize that they can count the years of their married life so near to the golden wedding time. "Captain Joe" tells many interesting stories of their wedding, and says that the bridesmaids of those days carried candles instead of "show-er bouquets," which must have made a very pretty and effective scene. Time never drags when you are listening to "Captain Joe" reminisce, or deal with the present day, either. He is a jolly good company for old and young, and never spoils a good story in the telling. May he and his lovely wife live long and prosper and keep the happiness that has ever been theirs.

### A BEAUTIFUL SILVER WEDDING ANNIVERSARY

Mr. and Mrs. L. S. DuBois celebrated the twenty-fifth anniversary of their wedding in a very charming manner at their pretty home on Fountain avenue on Thursday evening. The invitations contained no intimation of so important an occasion, and the information was conveyed to the guests as an electrical surprise in the design of the decorations, which were especially beautiful and appropriate.

The home was attractively decorated with holly and evergreens, palms and calla lilies being, also, effectively used. In the drawing room was a large arch of white covered with silver tinsel, this was lighted by a number of small incandescent lights. In the center were two silver bells and the dates 1878-1903 in silver. Under this arch Mr. and Mrs. DuBois received, and were assisted by their daughter Miss Myra DuBois, and son Mr. George DuBois, Miss Henrietta Koger, Miss Mabel Riecke, Miss Caroline Sowell, Dr. Allen Ashcraft, Mr. Charles Riecke and Mr. Roy Quiley.

In the library which was also prettily decorated, the guests received

were: Dr. and Mrs. John G. Brooks, Mr. and Mrs. W. H. Bradley, Mr. and Mrs. Henry Bradley, Mrs. W. F. Bradshaw and Mr. William F. Bradshaw, Jr. and Rev. W. E. Cave, D. D. Here delightful chocolate was gracefully served by Mrs. Mildred Davis, assisted by Miss Ethel Brooks, Miss Belle Cave and Miss Beale Seymour of New York.

The dining room was a charming conception in silver, the table being covered with a cloth of silver edged with silver fringe. A mirror formed the center-decoration, and a gorgeous bouquet of bride roses was at the corner. Ropes of silver were festooned about the room, and were used with graceful effect throughout the house. The dining room was charmingly presided over by Mrs. Charles K. Wheeler, assisted by Miss Martha Davis, Miss Laura Sanders, and Miss Hattie Hisey. A delightful two-course luncheon was attractively served.

A large number of guests called during the evening, and Mr. and Mrs. DuBois were showered with congratulations and good wishes by their host of friends, who, however, were very disbelievers of the twenty-five years.

### MRS. WHEELER CAMPBELL'S LUNCHEON

Mrs. Wheeler Campbell gave a very charming luncheon at her attractive home on Fountain avenue on Friday in compliment to Mrs. David M. Flournoy. The color-motif was red and white and was most artistically emphasized. The pretty round table looked very effective with a white table cover over red and was brilliant with cut glass. Red and white carnations were the center decorations and the silver candelabra had red candles and shades. The place-cards were tiny owls holding a half-moon in the claw, on which was the guest's name. Covers were laid for sixteen and the luncheon was served in seven courses. The ices and mints were from Peckman, the St. Louis caterer, and were exceedingly pretty. They were in the form of carnations and were red and white.

Mrs. Campbell's guests were: Mesdames David M. Flournoy, J. O. Flournoy, George Flournoy, E. E. Ellis, James English, Fred Ruty, Clara Burnett, Cook Husbands, Mary Watson, Charles Moequot, W. B. McPherson, Misses Mary Flournoy, Martha Leech, Elizabeth Sinnott, Caroline Sowell.

### D. A. R. MEETING.

The Daughters of the American Revolution met with Mrs. George O. Hart on Tuesday afternoon. It being the first meeting of the new year, more than the usual amount of business was on hand. A contribution of money was made toward the building being erected by the Daughters of the Revolution in Washington City to contain historical relics. The chapter arranged to celebrate Washington's wedding day, the 17th of this month, with a social evening and musical, the place to be announced later. Two interesting papers were contributed to the pleasure of the afternoon. Mrs. Warwick M. O'Connell telling of "The Pioneer Days of Kentucky," and Mrs. Hubbard S. Wells of "The Aboriginal Tribes of America."

A delightful lunch was served during the afternoon by the hostess.

The time of meeting was changed from the first Tuesday to the last, and the next meeting will be with Mrs. Leslie Soule the last Tuesday in February.

### A PRETTY ONE-O'CLOCK LUNCHEON

Mrs. Louis M. Riecke gave the third of her series of Thursday luncheons this week. It was in honor of the young ladies and was a charming conception in pink. The center-piece was a silver pitcher of pink carnations set in a wreath of smilax, and pink carnations in a bed of ferns extended lengthwise of the table from the center, giving the pretty effect of a shower bouquet. The place cards were very artistic and clever, they were hand painted, with the head of Shakespeare on each and contained a question to be answered with the name of a play. The luncheon was a six-course affair with covers for fourteen and was both elaborate and delightful. The ices were wishbones tied with pink bows and were very attractive. The last course, consisting of coffee and peppermints, was served in the charming drawing room, and the peppermints were a pretty emphasis of the general idea, being pink with a tiny wishbone on each.

### CHARITY CLUB'S INNOVATION.

The Charity club met on Wednesday morning with the president, Miss Emma Reed, at the Palmer house, and outlined some very pleasant plans for the winter to increase their charity fund. A series of monthly afternoon teas will be given, and the first will be held on Monday afternoon from 3 to 6 with Mrs. Victor Voris, 1183 Broadway. Ten cents admission will be charged and good home-made candy will be for sale. These will be very informal affairs; the ladies of the club will be the reception committee and will give all a cordial welcome. It is hoped that these teas will be liberally patronized, and a pleasant social time over a cup of tea is assured all.

The club is doing a fine work, and the district chairman reported Wednesday many cases of need relieved. The coal so generously donated has been distributed and about \$98 spent during the past month.

### REVIEW AND PREVIEW.

While the week has not been crowded with gaiety it has been very pleasantly diversified and Society has not been condemned to ennui. Several especially notable and pretty functions have marked the week, and there has been a revival of the clubs, many of which disbanded for the holidays. The regular January meeting of the Daughters of the American Revolution and Daughters of the Confederacy, have also helped to keep the social ball rolling.

Next week is already quite filled, in fact it has been difficult to keep dates from conflicting, and even Saturday has been pre-empted, so there is in store something of a whirl for Society in the days to come.

### SURPRISE PARTY COMBINE.

There have been several enjoyable storm parties this week. A number of society people conspired together to surprise their friends and have had a thoroughly jolly and informal time in so doing.

Dr. and Mrs. Victor Voris were pleasantly surprised on Monday evening. Mrs. John Campbell was stormed a few nights following, and on Friday evening the merry crowd took possession of the hospitable home of Captain Joe Fowler on Court street. The party grew in size with each round like a traditional snowball, so it is almost impossible to give the exact list, but it includes a number of prominent society people, and the occasion have all been delightfully impromptu.

### WHIST CLUB.

Mr. and Mrs. Moses Schwab entertained the Whist club most pleasantly at their home on North Sixth street on Tuesday evening. The ladies' prize, a cut-glass vase, was won by Mrs. David A. Levy of St. Louis, and the gentlemen's prize, a hand-embroidered sofa pillow, by Mr. Adolph Wall. A delightful lunch was served after the game to the guests, who included:

Major and Mrs. M. Bloom; Messrs. and Mesdames Herman Wallerstein, Jacob Wallerstein, Adolph Wall; Mesdames E. B. Schwartzberger, Jeanette Wellie, Henry Well, David A. Levy of St. Louis; Messrs. James Greenbaum, Charles Wellie.

### A PLEASANT OCCASION.

Mrs. Mildred Davis entertained her Sunday school class, composed of six young men, most delightfully at her home on Court street on Monday evening. Besides the class there were several other guests, and Mrs. Davis was

### SANS SOUOI CLUB.

Miss Minnie Terrell was the hostess of the Sans Souci club on Wednesday afternoon, entertaining very delightfully at her home on Court street. The prize was won by Miss Ruth Weil. An attractive lunch was served during the afternoon.

### JANES-SLEETH WEDDING.

The wedding of Miss Susan Janes and Mr. James Porter Sleeth will take place on Wednesday afternoon, January 14, at 5:30 o'clock at the First Presbyterian church. Dr. W. E. Cave will perform the ceremony. The only attendants will be ushers who are: Mr. Louis Riecke, Jr., Mr. Richard Scott, Mr. Oscar Henk and Mr. John Oehlschlaeger. The bride will wear a tailor gown of castor with hat to match and will carry violets. Immediately after the ceremony the couple will leave for New Orleans, Fort Tampa, Fla., and Cuba. On their return they will reside at 438 South Sixth street.

### MISS HAMILTON'S RECITAL.

Miss Eva Edwards Hamilton of Dyersburg, Tenn., will give a recital in the lecture room of the Broadway Methodist church next Friday evening under the auspices of the Ramsey society. Miss Hamilton is known by many here, and for several years has taught elocution at the young ladies college in Asheville, N.C., where Miss Frances Herndon and Miss Birdye Gilbert of this city graduated. She is said to be a very graceful and talented elocutionist, and will give some notable selections.

### DINING IN FAREWELL.

Mr. and Mrs. Joseph L. Friedman entertained at 6 o'clock at their home on North Ninth street in honor of Mr. Leo Keller, who returned this week to Notre Dame college in Indiana. It was a very pretty and delightful occasion. The other guests of honor were Miss Anna Parks and Mr. Glenn Parks of Nashville, Tenn. A number of the young friends of Mr. Keller called during the evening to say goodbye.

### U. D. O. MEETING.

The United Daughters of the Confederacy met with Mrs. James Koger of Jefferson street on Tuesday afternoon. It was a very delightful meeting. Several items of important business were considered and a pleasant social time followed. A dainty luncheon was served during the afternoon by the hostess, assisted by Miss Henrietta Koger and Miss Ruth Weil.

### DELPHIC CLUB MEETING.

The Delphic club held an unusually interesting meeting with Mrs. John Campbell on Tuesday morning. Two especially fine papers were the features of the session. Mrs. Edmund M. Post discussed very cleverly "The de Mediol," and Miss Helen Lowry gave some valuable thoughts on "The Renaissance in History."

### CHILDREN'S PARTY.

Master Warren Gilbert, the little son of Mr. and Mrs. Bert Gilbert, entertained a number of his young friends with an enjoyable party on Monday afternoon from 3 to 5 at his home on North Sixth street. It was a very merry occasion.

### DAILY THOUGHT.

"Charles Kingsley once asserted his belief that every step he took, every person he met, every thought that was not sinful that came into his mind, came and happened through the direct providence of God. That was a true thought, and the Christian who lives his life in the conscious presence of his Father, will find it impossible ever to worry."

### THE WEATHER.

In Kentucky, snow tonight and Sunday, with slowly rising temperature.

### THAT DEADLOCK.

About the silliest claim possible is that of some of the local Democrats that "the Democrats elected the four Republican members of the board of aldermen, and the Republicans should accordingly allow the Democrats to elect the president of the board." The Democrats don't know anything about who elected the Republican aldermen. The Republican aldermen were nominated by the Republicans. If the Democrats helped elect them, it was because they preferred them to the Democratic candidates, which may not be at all astonishing. The Republican aldermen are not so glib that they will swallow any such shallow contention, however, and allow the Democrats to elect the presiding officer of the board. If there is any indefinite confusion in the transaction of business the Democrats will be as much to blame as anyone. They know how to prevent it if they want to.

With characteristic apidity one of the Democratic organs declares: "The Democrats are determined and will be as contentious as the other half, inasmuch as the latter set the pace in making the 'deadlock' and refused to allow a Democrat even to sit in the chair as temporary chairman for only a few moments at the outside." In thus attempting to make a point for the four Democrats, the paper in question makes a point against them for the assertion is merely in substantiation of what The Sun said yesterday. The Democrats set the pace. The Republicans made the first nomination for temporary chairman, and the Democrats refused to allow the Republican to sit as temporary chairman "for only a few moments, at the outside." Instead they promptly put up a Democrat to oppose the Republican, and thus caused a deadlock. If they had possessed the courtesy to allow the Republican, who had the advantage of being nominated first, to be elected temporary chairman, the result might have been entirely different. The Democrats wanted a fight, and they are likely to get as much of it as they bargained for before they are through.

One of the greatest grafts in Paducah is that of the milk and meat inspector. If a person will go to the market some morning he will probably see the inspector walking along from one butcher's stall to the other stamping the meat. He simply walks up and puts a mark on it. He never saw it before, in all probability, and doesn't know whether it's beef, pork or dog. He cannot possibly tell whether it is diseased or not, and cannot determine where it came from, nor whether he ever inspected that same meat on the hoof or not. The object of the meat and milk inspector is to insure the people of Paducah fresh, wholesome meat and pure milk,

and it is claimed that it is no more certain under the present regulations than it was before. It is not the inspector's fault. It does all that is required of him, and does it well, but the point is that it is a waste of money to maintain an office that has proven to be useless. A butcher on the market who is in a position to be on the inside of these "inspections" is an authority for the assertion that the meat and milk graft is the biggest fake ever perpetrated by the city council. Dairymen claim the same thing, and need to openly boast that the milk they furnished was not inspected once a week, and very frequently not once a month.

The hypocrisy of some of the Democrats who have been clamoring for the removal of tariff from coal was slightly exposed in congress by Senator Aldrich, who in a speech turned to the Democratic side and declared in language that could not be misunderstood: "You have always been in favor of free coal when your opinions were of no value to the country. On the day when you could give the country free coal you deliberately and unanimously voted the other way. It therefore comes with ill grace for senators to criticize the action of the Senate in 1897, in view of the action taken in 1894." Mr. Aldrich said the high price of fuel in the country now was not due to the present tariff. He might have added that it was not due to any "trust" but to the shortage, and that no legislation can relieve the situation.

A decision has just been rendered at Chicago which may revolutionize speculation. It is virtually prohibiting "corners" and indicates that the state courts have a right to interfere in such things. The appellate court, in its decision, holds that under the laws of Illinois dealers cannot be forced to settle transactions upon the basis of artificial values, created by a "cornering" of the market, and that margins deposited in banks or elsewhere on deals are within the control of the courts, inasmuch as they affect the right of property. Hereafter, men who suffer by "corners" may refuse to settle, and, moreover, go into courts of the state for redress and protection.

The utterances of Mr. Hendrick, an aspirant for the Democratic gubernatorial nomination, indicate that harmony in the party is as far off as it was when Mr. Hendrick was appointed a delegate to the goldhog convention a few years ago. The anti-primary men, who want a convention only because they think they would stand a better chance in one, seem determined to make it warm for the primary men who constitute the machine, and will harass them as much as possible. All this is not calculated to be of much benefit to the party, and the Republicans will clean them up in short order in November.

A South Carolina editor comes to the front with a four column editorial announcing that his paper will be suspended until he can hire himself to another state and get a divorce. He declares that his wife's character is above reproach, but says that he has been goaded to desperation by "social buzzards" and scandal mongers. Three courses, he says, are left open to him—suicide, whiskey or divorce—and he chose the latter. He seems to be frank to say the least, and if he'll come to Kentucky, we'll guarantee him the liquor, if nothing else.

St. Louis is now confronted with the problem of how to provide adequate hotel facilities for the world's fair dedication. There is thus far no solution to the problem.

### TRAILED BY BLOOD.

HOW A PRINCETON BURGLAR WAS CAPTURED.

The groceries of W. B. Young and Lacy and Co. at Princeton were burglarized and a small amount of money and goods stolen at each place. In going through the latter place the thief cut an artery in his wrist and lost considerable blood, by which he was traced.

He proved to be Allen Manning, colored, who confessed when found with the wound. He is an ex-convict.

### BENEFIT BALL.

A ball will be given at the Knights of Pythias hall next Wednesday evening for the benefit of Mr. Louis Friant, the ex-policeman, who is totally blind. It is expected there will be a large crowd on hand.

### POLICE COURT

Robert Caldwell, Colored, Gets a Heavy Fine This Morning.

The Sargent Case Again Continued—Other Cases Considered.

Robert Caldwell, colored, a shoemaker who was arrested several years ago for being implicated in the theft of shoes from Harbour's, and is well known in police circles, was this morning presented in police court on a charge of indecent exposure. The alleged offense was committed near Twelfth and Jefferson streets late yesterday in the presence of two girls, who reported his conduct with the result that he was chased for many blocks by Lookup Keeper Tom Evitts and finally caught. He showed fight and had to be clubbed with butt end of the officer's revolver. This morning he was fined \$100 and given thirty days in jail.

The case against Mrs. Mary Sargent, charged with grand larceny, was continued until January 24. She is the one arrested several weeks ago for taking chickens belonging to Mr. Sam Hubbard.

The breach of the peace case against Lillie Gray was continued. Charges of drunkenness against James Swanson and John Nelson were dismissed.

### QUICK WORK

Brick Layer Let Out of the Lockup and Put Right Back.

Held to Answer on a Charge of Obtaining Money by False Pretenses.

Henry Wilson, white, a brick layer, who has been about the city for the past several days and was recently released on a charge of disorderly conduct, applied at the city hall last night for lodging and was given a bed. He was released about 5:30 o'clock this morning and in about an hour was back with a charge of obtaining money by false pretenses registered against him.

He is alleged to have stolen a turkey and two chickens from O. E. Baldree at Stanley's wagon yard on Jefferson street. The turkey was sold to Jim Greek for thirty-five cents and the chickens to some one else.

Wilson who is a tramp, was this morning presented in Judge Sanders' court and held to answer going to jail in default of \$500.

### WENT TO 17

QUITE A FALL IN TEMPERATURE SINCE YESTERDAY.

The lowest temperature last night was 17, as shown by Observer Bornemann's record. This is the coldest of the year but not of the season, the lowest having been 8 degrees one day in December. As the people are getting used to the cold, it has not been very unpleasant today, and the indications are for warmer weather.

This sign is on every box of the genuine

## AGAINST MORMONISM

Roosevelt in Statement Says Mormon in Senate Very Harmful.

Notifies the Republicans of Utah

Apostle Smoot's Election Would

Be Unwise.

SMOOT WILL IGNORE REQUEST

Salt Lake, Jan. 10.—An ultimatum from President Roosevelt demanding that Apostle Reed Smoot withdraw from the senatorial race was received here today through an authorized statement from Senator Thomas Kearns. The bonanza king was instructed by the president to send it to Utah. Senator Kearns says President Roosevelt issued the following statement, which he wishes to be made public:

"The election to the United States senate of an apostle would work great harm to the state. It would be very unwise. It would certainly lead to contentions and strife here, if not in Utah, and would unquestionably be a misfortune."

"I have confidence in the majority of the Utah legislature, and I feel sure if they understand the gravity of the situation as it appears to me and as I have heard it expressed by members of the senate they will refrain from any action which will not result in good for the future of Utah and her people."

"I desire you to place me on record as kindly, but firmly, advising against the election of any apostle to the United States senate."

Apostle Smoot has 47 of the 68 members of the legislature pledged to him. The Mormon church controls seven more. Smoot will refuse to accede to Roosevelt's request, and, backed by the church, expects to be overwhelmingly elected.

### TIANNA OPPOSES 'IT.

Washington, Jan. 10.—Senator tian-na has, as chairman of the Republican national committee, notified the Republicans of Utah that he does not endorse the election of Mr. Smoot and urges that some other man not identified with Mormonism be selected.

### UNION SERVICE CLOSED

RESULTS TO FOLLOW IN CHARITY ORGANIZATION.

The union week of prayer service closed last night with a most interesting session. A large crowd was present and listened to the able addresses with earnest attention. Rev. W. O. Sellers of the Third Methodist church and Rev. J. O. Reid of the Cumberland Presbyterian church were the speakers of the evening, and their talks were characterized by eloquence, fire and power.

The organization of "The United Christian Charities" was advocated, but was left to the action of the Ministerial association. This will band the churches together in charity work, and the employment of a paid secretary to look after it will prevent the churches and the city being systematically worked by impostors. It will admit of enlarged opportunities for service, too.

Before adjournment a vote of thanks was tendered Dr. T. J. Newell for his ability and tact as presiding officer.

The entire series of meetings have been unusually fine and most helpful to all attending.

**WEEK'S NEWS IN THE BUSINESS WORLD.**

Bank clearings this week \$747,954 Same week last year 603,706 Increase 144,245

The new year has started with a good increase in the clearings and active business at the banks. Money is a little freer, too. Counter business is heavy.

The E. E. Sutherland Medicine Co. stockholders and directors held their annual meeting Monday night and received the report of the company's business for the year 1902, and elected the directors for the new year. They are: H. R. Lindsey, R. Rudy, W. F. Paxton, Charles Alcott and Abe Livingston. The officers of the company are: Richard Rudy, president; H. R. Lindsey, vice president and general manager; Charles Alcott, secretary.

The report for the year showed the best year in the company's history. The net earnings were 60 per cent on the capitalization of \$35,000. The directors declared a 10 per cent dividend out of the earnings and passed the balance in the surplus fund.

The expansion of the company's business in the year 1902 was a great increase over the previous year. The new territory opened were the following states: Kansas, Indian Territory, Oklahoma, Georgia, Alabama, Mississippi, part of Florida, Louisiana and the city of New Orleans.

The company is now traveling seventeen men, and the prospects for the year 1903 are of the rosiest hue.

The splendid business done last year is a tribute to the efficient management of Messrs. Lindsey and Alcott, the vice president and the secretary of the company.

The Rhodes-Burford Furniture Co. of Louisville, with branch houses in most of the best cities of the country, and a very fine one in Paducah, has bought the stock and lease of the best furniture store in East St. Louis, and will open a branch in that city. Mr. Harry Rhodes of the local store was in East St. Louis the past week closing the deal in conjunction with Mr. Burford of Louisville.

Wholesale business has started off for the new year very well, all lines reporting good business.

Retail trade is a little dull, but this is to be expected at this season of the year.

Traffic with the railroads is very heavy and the car famine still acute.

Mr. Rob Scott returned to Louisville at noon today after a visit to the city.

**FED THE PROFESSOR.**

THIS ONE HAD "DREAMS MORE TERRIBLE THAN VISIONS OF 'THE COMET.'"

You must feed the professors and teachers right or they can't do justice to pupils. They should, of all people, possess a healthy nervous and mental organization. The teacher with weak nerves cannot obtain as good results as the one who has a perfect mental poise.

"It had been for me a most difficult problem," said a professor connected with a prominent college of the South, "how to keep the nerves in proper condition and the brain in good working order. Lack of proper opportunity to take exercise, an irregular diet and improper food brought on a general break-down in health. I became irritable and restless and at night would dream of more terrible things than any of Dr. Holmes' visions of 'The Comet.'"

"Upon the suggestion of a friend, who is a busy business man, I commenced to eat Grape-Nuts every day, and found in a short time a great improvement in my health; the food contained just the right kind of nourishment for my body and brain that was lacking. The restlessness disappeared, my stomach ceased to trouble me, mental vigor returned and I am now able to do more and better work than ever before.

"When friends express surprise to find me so well it is only necessary to mention the merits of Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

**THE CHICAGO TRIBUNE**  
SUNDAY, OCTOBER 12, 1902.

**APPENDICITIS DUE TO WHITE FLOUR.**

So Declares Physician, Who Says System of Milling Is to Blame.

CHANGES in milling processes are responsible for appendicitis, according to a physician who has been in the practice of medicine for fifty years and who has observed the spread of the disease. This physician, Dr. H. C. Howard of Champaign, Ill., asserts that until the trade demand for exceedingly white flour changed the methods of grinding wheat there was no appendicitis.

To prove this assertion the physician points to the fact that where coarse breads are used the disease is unknown, but that as soon as the fine breadstuffs are introduced appendicitis comes along as a sequence.

By this reasoning it is shown that the people of agricultural communities who secured their flour from small mills did not have the disease until the small mills were crowded out by the large ones and fine white flour supplanted the coarse.

Then the negroes of the south so long as they ate corn bread were free from the disease, but when the new process flour began to be used the disease came among them. The same results attended the departure of the German folks from their coarse bread to the refined flour.

**Disease Rare Before 1875.**

"I can remember that prior to about 1875," said Dr. Howard, "that there was little or none of the ailment among the people. In twenty-five years of practice among the people before that time I do not think I saw more than forty cases of appendicitis. Now they are common."

Large and extended changes in the diet of people has contributed to this. For example, about the date mentioned there began to be a general change from the old method of grinding grain to the present method of roller mills and excessively fine bolting cloths. This plan of milling began first in the large cities, and appendicitis began to increase first there. Later the new process crowded out the small mills in the country, and the people could not get flour made by the old processes. They bought products of the large milling establishments, and then the farmers began to have appendicitis.

Still the negroes of the south did not have it, but in time they began to get away from their plain corn bread, and they, too, began to have appendicitis. Boiled goes. They did not have appendicitis in Germany until they began to eat our fine white flour and put in the new process of milling after our fashion. Now they have appendicitis in Germany just as we do.

**Disarranges Digestive Organs.**

"Experienced millers will tell you that the fine flour is a less desirable flour than that made by the old process, but the trade demands it chiefly on account of its whiteness. On account of its indigestibility the disarrangement of the digestive organs of the people eating it has greatly increased. The prime cause of appendicitis is found in this disarrangement."

"Quite small children have it. I know one boy who has had thirteen well defined attacks of the disease and came out of it without surgical operations. He changed his food to corn bread and mush, with coarse breads in general, vegetables, lettuce, and some fruit, and he has taken on flesh and has not had a symptom of the disease for three years."

"The lack of phosphates in the food is visible in the people, and physicians have greatly increased the use of medicines containing phosphates. It is a necessity. Children are brought to me suffering from conditions resulting from a lack of material in their systems to form their teeth. Ten days of treatment, giving phosphates, will bring relief, and the teeth will begin to grow. They are suffering because the ingenuity of men and the foolish demands of trade have resulted in taking from their food the material which nature put in it for their growth."

The new process which is held accountable for disease takes from the grain the phosphates chiefly existing in the germ of the wheat and just under the bran, and leaves only the starch and gluten.

**A little white bread is safe. Much, is a menace and danger.**

A man who had appendicitis, brought on by the use of starchy food, that kept up a continual irritation of the intestinal tract, because he couldn't digest the starch, worked and experimented for about two years in perfecting a food in which the starch should be first changed to grape sugar (in other words go through the first form of digestion) so that he could have the required elements of food and not suffer therefrom.

This was the origin of Grape-Nuts, and the man followed exactly in the line of Nature in changing the starch of the cereals into grape sugar.

There are absolutely no foreign ingredients in or about Grape-Nuts. It consists entirely and wholly of wheat and barley, containing all of the valuable food elements of these nourishing grains.

The food is granular in shape, purposely made a little hard in order to bring down the digestive juices from the gums and preserve the teeth by proper use. It is softened by cream and is one of the most delicious dishes ever placed on the table.

We unhesitatingly say, and the statement will be verified by the great majority of physicians all over the world, that Grape-Nuts is the most scientifically prepared food in existence. Made for a purpose, it accomplishes its purpose.

It furnishes the system the valuable, much-needed, carbohydrate, the elements that make brain, nerve and brawn, and it is presented in a form ready for immediate and easy digestion.

It can be handled by the weakest stomachs. It is used by thousands of mothers for infant's food, and by athletes for their nourishment.

It requires no cooking, having been thoroughly and skillfully cooked by expert bakers. It is ready for immediate service. It is economical, for but four heaping teaspoonfuls are required for the cereal portion of the meal.

This does not mean make your entire meal of four heaping teaspoonfuls of Grape-Nuts; it means that is the proper amount for that part of the meal, and you may depend upon it the system will absorb more valuable nourishment from that four heaping teaspoonfuls than from many times the weight of other food.

It is particularly intended to take the place of the quantities of white bread now in too free use by most families.

Our remarks on white bread may displease some, but we stand for a principle in this matter and know exactly whereof we speak.

There are on file in our office not hundreds but thousands of letters from people in all parts of the world giving descriptions of distress, disease and ill-health from the use of improper food, and detailing the health and comfort that has come from a rearrangement of their diet along our lines.

We advise for breakfast a little fruit, cooked or raw, a dish of Grape-Nuts and cream, two soft boiled eggs and a cup of Postum Coffee. Let it go at that.

At the midday meal repeat adding a little slice of meat if thought best.

At night have a good, generous mixed meal with a dessert made from one of the many recipes in the Grape-Nuts book found in each package. Postum Cereal Co., Battle Creek, Mich.

## Greeting

With many thanks for the increased patronage bestowed upon us during the past year let us now, while on the threshold of 1903, assure and pledge ourselves anew to our many friends and patrons and the public at large, that with the increased facilities afforded by our large new store we will make every department in our big store merit your special and continued patronage during 1903 as never before.

Wishing one and all a happy and prosperous 1903, we invite you to feel at home here at all times whether you want to buy goods or not.

## Going to Have a January Bargain Sale

There's a long winter ahead yet but the profit making season on many lines of merchandise in jobbers' hands is ended. This condition has enabled us to buy many goods here and yonder at under prices. These bargain purchases will be reaching us through January. We have planned to give these savings to our customers and to make this January sale of more money saving importance to you than any like event that has preceded it.

## Harbour's Department Store

North Third St. One Half Square From Broadway.

"Why, you have not told me at all what you plan to do!" exclaimed his sister hopelessly.

"I am going to work for the people! I am going to—"

John Gordon paused as a vision of his future, mistlike, but in rugged outline, grew on the screen of his imagination. "The people!" There it was; ignorant, some of it, but hourly rising into a desperate intelligence, which, undirected, would prove its own and the city's destruction. "The people,"

telling, swarming, acting figures in the great human drama that were neither superlatives nor leading parts, but so vital to the whole movement of the tragedy that it all was destined to sweep on to its final end, with them as resultant cause! "The people," vague, but certain, full of unwritten histories, but making all history possible, and bearing in face and attitude the wear and woe of republics! "The people,"

driven in herds one day, leading the masses the next, while all problems of life surged up and down the thronging highways, entanglements caused by murderous greed, by inherited customs, by the physical passions that know no education of refinement due to civilization! "The people," born of the soil, but molded by the city, some of it to starve and riot and drink and grow indifferent to the very wrongs that made it what it was, and he, John Gordon, the son of Rufus Gordon, the great financier, the man of "deals" and "combinations" and "operations"—and he, John Gordon, was going to devote his young manhood to "the people," to the training and directing of this misdirected giant, because (he smiled at its strange possibility), because he had grown to love it, a love taught him by personal religious experience, so real, so profound, that he knew it dug a gulf as deep as space between his father and his sister and himself. Nothing but a similar experience on their part could ever fill the gulf, nothing but a similar miracle of regeneration could ever make him understood by them.

Mary had gone over to the piano and was humming the tune she had been singing when she interrupted the talk between father and brother. After a moment John Gordon went over and put his hand on his sister's shoulder.

"All through?" she said, turning about from the piano.

There were tears in John Gordon's eyes as he looked down at her. When he spoke, it was very gently.

"It all means, of course, that I am going away. Do you understand that, Mary? This will not be my home any more. It will not be possible for me to live here and do—"

"It's all very strange to me, John," said his sister. "You have every chance in the world and you prefer to throw it away for a lot of people who don't care."

"They will care,"

"What good if they do, John?" His sister suddenly turned toward him very much as his father had, and laid her hand on his arm. "John, the people will not care. What can you do? Surely we are not to blame for all the wrong in the city. I heard what you said to father. It is simply absurd to think that we are responsible for the way things go. And it is nonsense to think you can do anything. Think how it will look in print! John Gordon, the reformer! John Gordon, the socialist!"

"Don't, Mary! It will be hard enough without your sneer."

"I did not mean to sneer." She seemed honestly grieved, and he instantly leaned over and kissed her cheek. But even as he did so he knew she had turned away from him a little, and when he raised his head she did not look up or return his caress. He still stood by her silently, realizing each moment more keenly the chasm that stretched between them owing to his religious experience.

"Where are you going to live? You say you cannot live here with us any more?" his sister finally asked.

"I don't know."

"Will you live with the people?"

"It is possible."

"It is absurd. I don't understand."

"You cannot." He said it with a sadness that realized the futility of explanations.

"And of course Luella will go with you! She is such a lover of the people!"

"Luella?"

"You have forgotten her?"

"No!" And yet he had—no! least he had absorbed all his thought for the time about his home relations and had not reckoned on facing this question of the relation which would exist between himself and the woman who had promised to be his wife when he had asked her as John Gordon, son of Rufus Gordon. What would she say now to John Gordon, reformer?

He sat down and put his hands over his face, while Mary watched him curiously, very much as the father had done.

"Luella is very proud. Still, she might enjoy living in the slums and studying problems. She is full of contradictions."

"That is true," John Gordon whispered to himself as he lifted up his face.

"Luella thinks a good deal of you, John."

(To be continued)

this is when Capt. Ed Howard expects to Take Charge.

Delay Occasioned by the Bonds and Other Preliminaries.

Officers of the Paducah marine ways have received from Capt. Ed Howard's attorney a letter stating that Capt. Howard expected to be here between the 2nd and 5th of January to take charge of the marine ways, but has been delayed by the stock certificates and some other preliminaries, and now hopes to be here not later than January 15 to complete the deal and assume control.

It was thought that Capt. Howard would consummate the deal shortly, although nothing definite had been heard from him until last night. The marine ways are still working, with plenty to do.

### CUPID IN THE ARENA.

MARRIAGE CEREMONY PERFORMED IN A CAGE WITH TWO FEROCIOUS LIONS.

Mobile, Ala., Jan. 10.—A novel marriage was performed in Pensacola, Fla., when Miss Gertrude Spaulding of Akron, O., and Mr. Emory Goyt of Michigan were wedded in an arena wherein crouched two ferocious African lions, one of the animals having a record of killing several trainers. The marriage was witnessed by a large number of spectators; in fact, it was the drawing card of the show last night, and hundreds went there to see if the young couple would have courage enough to become man and wife with the two big lions as attendants. B. H. Burton, deputy clerk of the circuit court, performed the ceremony. He would not be hindered by the prospective bride and bridegroom and entered the cage with them.

It was his first experience in marrying a couple under such conditions, and naturally he kept as close to the cage door as possible and would occasionally glance toward the exit during the ceremony to see if it afforded a good place to escape.

Of course the trainer of the two big lions was also in the cage, but, considering the fact that one of the lions has a reputation of being extremely savage, it was not a pleasant situation for the deputy clerk and the bride party.

Mr. Goyt is an acrobat and Miss Spaulding is an aerialist, both performing in the show. They decided the night previous to become man and wife, and Deputy Clerk Burton was summoned, but for some reason they postponed the happy event, and later decided to go into the lions' lair for the wedding.

### WANTED TO MARRY.

HOOSIER GIRLS GOING TO NORTH DAKOTA TO WED.

Indianapolis, Ind., Jan. 10.—A special from Kokomo, Ind., says: "Three months ago J. R. Walters, a former resident of this city, wrote from his new home at Rugby, N. D., that there were 500 bachelors in that neighborhood wanting wives. The letter was published in a Kokomo paper. As a result nearly 100 girls wrote to Mr. Walters offering their services as wives to the lonely bachelors and their quarter-sections of land.

"The names of the writers were placed in the hands of the men and individual correspondence followed. As a result forty-eight Howard county girls are getting ready for the journey to Rugby to meet the Dakota farmers and marry them."
